That range conditions are splendid
and sheep doing as well as any one
could wish for, but that the prices
are as low as they were in 1900 and
1905, is the statement made today by
Hugh E. Campbell, president of the
Arizona Wool Growers' association
and president of the Seventh Annual
Arizona State fair, who is in Albuquer-
que to attend the interstate commerce
commission hearings tomorrow. Mr.
Campbell is one of the best known
men in Arizona and was formerly a
representative in Albuquerque.We are going to have a working
good fall in Phoenix this year," said
Mr. Campbell today. "We are doing
well with the sheep only the prices
are way down at the foot of the hill."Politically things are badly mixed.
The Socialists are in the game and
are evidently sincere in their threats
of ousting the Republicans in the field.
I believe this will have the effect of drawing
many votes from the Democrats."That range conditions are splendid
